

After School Escape

☐ **Check In**

All children will be screened each day with our Covid-19 Guidelines during Drop Off.

☐ **Snack**

Students may bring a snack and eat in their designated group areas. We do have a peanut-free program, so all snacks should be checked before packing to ensure safety of all participants

☐ **Study Buddy**

We will have a designated area for children to complete academic assignments with the support of our team counselors. All of our cabins are WIFI-friendly, and we will do our best to accommodate learning in a quiet setting.

☐ **STEM Stars**

Age-appropriate fun activities that incorporates hand-on learning with STEM-focused education with our future science, nature and math enthusiasts in mind!

☐ **Let's Get Physical!**

Offering social-distanced physical activities throughout the week to get that energy burning and exercise in!
